She lives in one small room  
Over the convent store  
She had big plans once  
She doesn't have 'em anymore  
Got little diamonds in her ears  
But she's got coal in her eyes  
It's been mighty so long now  
She doesn't think the sun will rise

And she asks  
Is this all there is  
Won't this ever end  
There must be a better place  
Looking for another world  
I'm not sure we should  
I'm not sure salvation lies there  
There is bad as well as good  
Let us love each other now  
Cause if this world is all there is

He wanted to believe  
In the dreams he held so dear  
He swam against the tide  
When he was drowning his fears  
And on the lost horizon  
The goal kept shrinking down in size  
It's been mighty so long now  
He doesn't think the sun will rise

And he says  
This can't be all there is  
There must be something more  
There must be a better place  
Looking for another world  
I'm not sure we should  
I'm not sure salvation lies there  
There is bad as well as good  
Let us love each other now  
As if this time is all there is

Lying here beside you

I wonder what will become of us  
Of you and me  
Oh all of us  
So many dangers  
Oh so much at stake  
I'm scared of what I cannot see  
My Love  
I am so scared

I'll help you if I can  
I believe I got to try  
We all have our parts to play  
I am playing mine  
I don't know about another world  
What beyond this curtain lies  
I know it's been mighty long time  
But one day the sun will rise  
Yes one day the  
Sun  
Will rise!
