I'm running away
Still I've got to get home
I'm lost in a crowd
But I'm still on my own

I'm looking ahead
So I'm staying behind
I'm not being cruel
Still I'm just being kind

I close my eyes
It's no surprise
I'm always there

Can't count the times
I've tried to hide
And found nowhere

I'm trying to lay low
But I keep getting high
My feet on the ground
Got my head in the sky

My eye on the future
That's stuck in the past
I find I can't lose
When I aim to come last

I realize
It's no surprise
That nothing's clear

That black is white
And day is night
And there is here

I'm right on the ball
But I'm missing the mark
I burn in the sun
And I'm scared of the dark

A ivory tower

With a bird's eye view
Got plenty of time
But nothing to do

The best disguise
It's no surprise
Is disappear

Can't count the times
I've tried to hide
And found nowhere

I'm running away
Still I've got to get home
I'm lost in a crowd
But I'm still on my own

I'm looking ahead
So I'm staying behind
I'm not being cruel
Still I'm just being kind

I realize
It's no surprise
That nothing's clear

That black is white
And day is night
And there is here

The best disguise
It's no surprise
Is disappear

Can't count the times
I've tried to hide
And found nowhere

I close my eyes
It's no surprise
I'm always there

Can't count the times
I've tried to hide
And found nowhere

I realize
It's no surprise
But nothing's clear

That black is white

And day is night
And there is here

The best disguise
It's no surprise
Is disappear

Can't count the times
I've tried to hide
And found nowhere
