Did I ever say how I feel about you
A thing I never found that easy to do
The things that you do don't need to be heard
You know your actions, baby, speak louder than words

I've got the bottle, bring me your cup
Pop the cork and try a sup
And when you're empty, I'll fill you up
We'll drink it down til the sun comes up

I'm heading home, like a steaming train
Foot to the floor in the driving rain
My head is aching and my mouth is dry
I've got a thirst that only you can satisfy

I've got the bottle, bring me your cup
Pop the cork and try a sup
And when you're empty, I'll fill you up
We'll drink it down til the sun comes up

I've got the bottle, bring me your cup
Pop the cork and try a sup
And when you're empty, I'll fill you up
We'll drink it down til the sun comes up
I'm heading home, like a steaming train
Foot to the floor in the driving rain
My head is aching and my mouth is dry
I've got a thirst that only you can satisfy

I've got the bottle, bring me your cup
Pop the cork and try a sup
And when you're empty, I'll fill you up
We'll drink it down til the sun comes up

I've got the bottle, bring me your cup
Pop the cork and try a sup
And when you're empty, I'll fill you up
We'll drink it down til the sun comes up

I've got the bottle, bring me your cup
Pop the cork and try a sup
And when you're empty, I'll fill you up

We'll drink it down til the sun comes up

I've got the bottle, bring me your cup
Pop the cork and try a sup
And when you're empty, I'll fill you up
We'll drink it down til the sun comes up
