When me reach me yard  
Me got one thing on me mind,  
To hold me little woman  
And fe make her feel iree.  
Be play album, dub plate, and forty-five  
For dat's the kind of riddim that keeps me alive.  
Me turn on fe me radio  
Some a chat 'bout dat  
But I know more than d.j.  
So I nah play you dat.  
(chorus)  
Me tek a 'd' and a 'u'  
An' a 'b' - not 'e'  
That thing there  
Is special to me.  
Me listen in the morning  
Also in the night  
For dat form of music  
Is outasight.  
The newest form of music  
Is easy to see  
It start with a 'd'  
And end with a 'b'  
Dub in a de morning  
And dub in a de night  
Mek the whole neighbourhood  
Feel alright, feel alright

When me reach me yard  
Me got one thing on me mind,  
To hold me little woman  
And fe mek her fell iree.

Rock in a de dance  
Me seh fe give dub a chance,  
Rock in de blues  
You know you jus' can't lose.  
A dub me a defend  
On dub I can depend  
Check out dis yah music  
And run tell yo' friend.  
We don't want rock 'n' roll  
And we got enough soul,  
We don't want rock 'n' roll  
And we got enough soul.  
Bass is beutiful  
If it's clean,  
But dis yah dub music  
Man, it well mean.  
No bother follow friend  
And ignore dub again.  
It's simple, but effective  
Can't you see?  
A lot of people catch on in 'eight-three.  
Now is 'eighty-four  
And you must know the score,  
Anything me chat, you know  
The people bawl 'more.'

Me jump 'pon de graphics  
Don't get vex'  
All me have  
A total concept  
To make you feel  
Iree.

To make you feel  
Iree.
