You tell me there's no darkness
While the sun shines down on you
And just because your life is peaceful
There's no fighting there left to do

For every cup that runneth over
Many more are filled with pain
You talk to me of sunshine
When it's pouring down with rain

You talk to me of sunshine
When it's pouring down
Pouring down with rain, rain

It's a long black night, good people
Descended on our land
Share your light, make a flower grow
In the desert sand

And just because you can't see it
Doesn't mean it isn't there
And just because it can't touch you
Doesn't mean you shouldn't care

For every life that's lit with love
Many more are racked with pain
You talk to me of sunshine
When it's pouring down with rain

You talk to me of sunshine
When it's pouring down
Pouring down with rain, rain

It's a long black night, good people
Descended on our land
Share your light, make a flower grow
In the desert sand

And just because you can't see it
Doesn't mean it isn't there
And just because it can't touch you
Doesn't mean you shouldn't care

For every life that's lit with love
Many more are racked with pain
You talk to me of sunshine
When it's pouring down with rain

You talk to me of sunshine
When it's pouring down
Pouring down with rain, rain

It's a long black night, good people
Descended on our land
Share your light, make a flower grow
In the desert sand

Make a flower grow
In the desert sand
