I will never let you go
I will never
I will never let you go
I will never

I've got to hold on every day
In every way but the things you will say
Just couldn't be that way
You'll never, ever reach if you don't try
Instead you keep on telling all those dreadful lies

Just wait and see
How things could be
When I am free
Don't worry 'bout me
Don't worry 'bout me 'cause

I will never let you go
I will never
I will never let you go
I will never

I will never let you go
I will never
I will never let you go
I will never

I've got to hold on every day
In every way but the things you will say
Just couldn't be that way
You'll never, ever reach if you don't try
Instead you keep on telling all those dreadful lies

Just wait and see
How things could be
When I am free
Don't worry 'bout me
Don't worry 'bout me 'cause

I've never let you go
I'll always try
And I've got so much soul

You'll wonder why

It's just because
I'm so true
You'll be feeling blue
When I get through
There is nothing you can do

I've never let you go
I'll always try
And I've got so much soul
You'll wonder why

It's just because
I'm so true
You'll be feeling blue
When I get through
There is nothing you can do
