All the sorrow and the pain  
All the sacrifice in vain  
I was much too blind to see  
You make a loser out of me  
You put me down for oh so long  
While you sang your serpent's song

The rest is history  
You can do no more to me  
I've been down so low  
Had nowhere left to go  
I could see it in your eyes  
All your promises were lies

Promises and lies  
Promises and lies

Your cut was quick and deep but then  
You thought you'd never need a friend  
But all things change, and tides must turn  
And you let all your bridges burn  
Too many fatal wounds to heal  
Now you're feeling what I feel

The rest is history  
You can do no more to me  
I've been down so low  
Had nowhere left to go  
I could see it in your eyes  
All your promises were lies

Promises and lies  
Promises and lies

All the sorrow and the pain  
All the sacrifice in vain  
But all things change, and tides must turn  
And you let all your bridges burn  
Too many fatal wounds to heal  
Now you're feeling what I feel

The rest is history

You can do no more to me  
I've been down so low  
Had nowhere left to go  
I could see it in your eyes  
All your promises were lies

Promises and lies  
Promises and lies

Promises and lies  
Promises and lies  
Promises and lies  
Promises and lies

Promises and lies  
Promises and lies  
Promises and lies  
Promises and lies
