Tenderly she smiles
Forgiving my mistakes
Getting her to love me
Was my biggest break
Every place I go, she's inside of me
Giving up her love unconditionally
She shines the sun
She pours the rain
She touches me in places that I can't explain
She's got a powerful hold on me
The kind of hold from which I'd never struggle free

Tell me what you know
Tell me is it true
Do you really love me just like I love you
Everything I say
Everything I do
It's purely cos' I'm aiming to get hold of you

People tell her she could do better than me
She wouldn't necessarily agree
We've got a thing going on you see
The two of us together for eternity

Tenderly she smiles
Forgiving my mistakes
Getting her to love me
Was my biggest break
Every place I go, she's inside of me
Giving up her love unconditionally

Tenderly she smiles
Forgiving my mistakes
Getting her to love me
Was my biggest break
Every place I go, she's inside of me
Giving up her love unconditionally

She shines the sun
She pours the rain
She touches me in places that I can't explain
She's got a powerful hold on me

The kind of hold from which I'd never struggle free

Tell me what you know
Tell me is it true
Do you really love me just like I love you
