Dais a de start and not the finish na go deal it with ace
I like to ride up in the ridim wid de treble and the base
Not a courtroom could a hold me cause they wouldn't
have a case

So don't you hurry don't rush me no in a no haste
Me na go chat dais one fast ca a no race me a race
Cas sis v de pan de mike I beg you keep up the pace
And who a star wid mr t it's hannibal, murdock and
face

I'm sure you noticed on the mike that I am in the right
place

I'm gonna chat it in a style and chat it in a grace
Eat good food drink good you know thats to my taste
Now make sure eat it drink it all off na make none go to
waste

And who's aeoberti upon falcon crest you know him a
chase

Se that the top of the crew sis v I may seem
See that me deal wid realism get guided by all my
dream

Now raspberry ripple as you know it is my favourite ice-
cream

So when me step in a de dance in my gear I just gleam
I am the top mile women thats why i'm standing so
keen

Don't wa fe hear no pirate chat ca dem no in a my team
Se dat me de pan level vibes so chatting this i'm the
queen

Why don't you shake a leg why don't you rock and
come in

Don't bother fight in a de dance don't want police an
the scene

To sparkle all the polishing you'll have to use mr sheen
Incredible hulk transformation gigantic and green
So when you look in a him face he stares at you really
mean

I like to eat up my steak better make sure it lean
Just add some rice add some dumplin but leave out the
bean

Me na go to resturant sit down and eat three course
meal

Me a chat it verbally don't want it signed stamped or

sealed
In a de old avengers starred steed and mrs peel
Who robbie box that gambler on the programme big
deal
This one is live and direct so you know it's for real
I don't respect dais ya system don't expect me to kneel
Cause jesus christ worked his miracle many man ham
did heal

Ca man dem make out a flesh and robots made our of
steel
They might can operate like man unlike man they can't
feel
Don't bother mix with no informer cause on you they
might squeal
Cas me se when you have a spliff you must kark it
And when you have a dog you must walk it
Cause it might just do a number two upon your carpet
You have to get down on your knee and begin to clean
it
Well in a de white house mr reagen a sit
And when me go a nasa dema launch rocket
So when a got a needle save myself nine stitch
While joan collins she's starring as the super bitch
Now i'm not exactly poor but i'm certainly ain't rich
I'm gonna preach it right don't bother call me hypercrit
Don't want hear tony butler me no check fe critic
Ca when I get a curly perm jahman just use a home kit
And if i'm forced to hear a pirate dash dem down a
snake pit
Mak pirina knam dem tear them flesh bit by bit
Ca sister de pan de mile and I have got nough lyric
Jim davidson teasing plice with his catch phrase nick
nich
Upon my wrist I wear a watch how does it go tock tick
And who is starring with magnum higgins tc and rick
Ca tony labour sdp jahman dem all make me sick
Because dem na go get my vote ca me no vote for
politic
A me a sister v upon the mike coming through
Se me a top a de chart jahman and top of the crew
