Call me when you're ready  
I don't want to be alone  
Call me when you're ready  
I'll always answer the phone

Life's too short  
Living the way we do  
Make up your mind  
I'm tired of waiting for you

Call me when you're ready  
I never want to be alone  
Call me when you're ready  
I always carry my phone

People like to talk  
Yes they do  
Make up little lies  
Like they always do

I don't think you believe  
What they say  
But you go with the crowd any way

Call me when you're ready  
I don't want to be alone  
Call me when you're ready  
I'll always answer the phone

Call me when you're ready  
I never want to be alone  
Call me when you're ready  
I always carry my phone

Listen to my words  
And what I say  
People lie to you  
Everyday

Call me when you're ready  
I'll forgive

Call me when you're ready  
Call me now
