Oh you poor baby  
What could you possibly say?  
Just go away

You're broke  
Because of you  
Now I am too  
And I can't stand you

That was a no  
I don't want you to come home  
You're life's a joke  
I don't want to be a part of it  
The thought of you makes me spit  
Just get away from me

Oh, but you love me  
Oh, you can't live without me  
You could have been better

That was a no  
I don't want you to come home  
You're life's a joke  
I don't want to be a part of it  
The thought of you makes me spit  
Just get away from me

You owe me buddy  
You always will  
But I'll let you owe me  
Because you make me ill

That was a no  
I don't want you to come home  
You're life's a joke  
I don't want to be a part of it  
The thought of you makes me spit  
Just get away from me

If I had to choose  
You or the sun

My debating is done  
Burning alive sounds way more fun

Just get away from me

Get away from me

Give me back my key

And get away from ME!
