"The Wrong Song"

Visit "[The Wrong Song](#)" on MotoLyrics.com

This song right here
is for all those ladies out there
that be wearing stuff they know they aint got no
business in
huh, yeah, the big girls, ya'll know what I'm talking
about
Let's go...

For all ya'll girls eating sandwiches
ground truck in bread, you call em manwiches
to a man's eyesight that's damaging
why you wear a thong when it's vanishing?

You like to dine at the fast food spots
McD's, BK, Jack in the Box
not just one meal ya'll like a lot
got the nerve to drink a diet cola

I can't tell your butt from your gut, gut, gut
*** looks just like your front, front
sorry I'm so blunt, blunt, blunt

Let me say it again
I can't tell your butt from your gut, gut, gut
*** looks just like your front, front
wearing them thongs
girl you know you're wrong

In Background - (Look at all your fat rows, da da da
Busting out of tight clothes, da da da
Look at all your fat rows, da da da)

Baby, you're wrong, wrong, wrong, wrong, wrong
look at all your fat rows
busting out of tight *** clothes (da, da, da)
You're wrong, wrong, wrong, wrong, wrong

Look at you with your double chins
You got high blood pressure, need medicine
You try to diet, but you just can't stop
You need a refrigerator lock

You go to the store even more to shop
run to the food and your belly flops
*** looks just like a bag of rocks
You need a monkey that has ebola

I can't tell your butt from your gut, gut, gut
*** looks just like your front, front
wearing them thongs
girl you know you're wrong

In Background - (Look at all your fat rows, da da da
Busting out of tight clothes, da da da
Look at all your fat rows, da da da)

Baby, you're wrong, wrong, wrong, wrong, wrong
look at all your fat rows
busting out of tight *** clothes (da, da, da)
You're wrong, wrong, wrong, wrong, wrong

In Background - (Look at all your fat rows, da da da
Busting out of tight clothes, da da da
Look at all your fat rows, da da da)

You're wrong, baby, you're wrong, wrong, wrong,
wrong, wrong
(da, da, da)..baby...(da, da, da) .. wrong wrong wrong
wrong wrong.....
