Just give me one more minute
A second and I'll be done
Let me think this over on more time
Before it is all gone

Are you looking for some action?
Am I coming on too strong?
Just trying to find the words to tell you
That all I want is you

All I want, all I want is you
All I want, all I want is you
All I want, all I want, that's all I want
All I want is you

All I want and what it comes down to
If you want, if you want me too
You know that I, I will follow through
'Cos all I want, all I want is you

Na na na, na na na na na
That's all I want
All I want is you

Hey can we start all over?
Let me give it a one more try
Maybe if I held you tight like this
After he made you cry

And baby, I know that you'll see
That there is nothing we really need
'Cos when you're with me
And I'm with you
If you just want me
If you want me too

All I want, all I want is you
All I want, all I want is you
All I want, all I want, that's all I want
All I want is you

All I want and what it comes down to
If you want, if you want me too
You know that I, I will follow through
'Cos all I want, all I want is you

You are everything I want
And everyhting I wished for
I would stay with you forever
I would never let you go

And now it breaks me down
If I can't have you around
'Cos everytime I'm with you I know
All I want is, all I want is you

All I want, all I want is you
All I want, all I want is you
All I want, all I want, that's all I want
All I want is you

All I want and what it comes down to
If you want, if you want me too
You know that I, I will follow through
'Cos all I want, all I want is you

Na na na, na na na na na
That's all I want
All I want is you
