Bad days are coming  
Back into my head  
They're looking for trouble, is that alright  
You know you've seen them before

And now they're turning  
Into the deepest nights  
Shadows on the wall - don't surrender at all  
You're not alone this time

Do or die - you'll always be on the run  
Like a soldier in time - rain or shine  
Aces high - you'd better be on the ball  
Don't move outta the way - stand for what you've gotta  
say

We're living on a frontline  
Always trying not to go  
We're living on a frontline  
It's much more than enough this time  
We're living on a frontline

Now you start searching  
For a better life  
Better not look back - go straight ahead  
Just be yourself all the time

Do or die - you'll always be on the run  
Like a soldier in time - rain or shine  
Aces high - you'd better be on the ball  
Don't move outta the way - stand for what you've gotta  
say

We're living on a frontline  
Always trying not to go  
We're living on a frontline  
It's much more than enough this time

We're living - living on a frontline  
Always trying not to go  
We're living on a frontline  
It's much - it's much too much this time

Go ahead this time  
Ah, we're living on a frontline

Ah, it's a bad game  
I've told you before  
So stay away from the frontline  
And your friends next door

You say you're lonely  
But I don't want them no more  
But one day - you're gonna see  
They're gonna disappear

We're living on a frontline  
Always trying not to go  
We're living on a frontline  
It's much more than enough this time

We're living - living on the frontline  
Always trying not to go  
We're living on a frontline  
It's much - it's much too much this time

On a frontline
