We're straining at the leash
We smell the human meat
The only way for us to go

The order of the pack
Command is kill - attack
Obey the master's law

Bad temper rules our minds
The hunt is on this time
We can't wait
No way to stay alive
The prey is finalised
It's total genocide

We're on the manhunt - we keep on pushing
We're on the manhunt
We're on the manhunt - we keep on pushing
We're on the manhunt

We train our deadly pride
No way for man to hide
We're always aiming for your neck

This is your final day
Just believe and pray
We're feasting on your eyes

Bad temper rules our minds, ...

We're on the manhunt - we keep on pushing
We're on the manhunt
We're on the manhunt - we keep on pushing
We're on the manhunt - this ain't no suicide

We're on the manhunt, ...

What is the victim's face - not us who's wrong
The terror of the chase - can't be undone
We turned the game around - not us who's wrong
You made us go to ground - can't be undone

We're on the manhunt, ...

We're on the manhunt - we keep on pushing

We're on the manhunt - this ain't no suicide

We're on the manhunt - we keep on pushing

We're on the manhunt - try to hide - no way to run
