One life - never been a riddle  
Black nights - live it to the max  
It's all extremely done

No way - to colonise the middle  
Ride hard - desperadoes at your back  
Under a blood red sun

In this world - up to us  
We stand or we fall - yeah

We got no limits - no hideaway  
We got no limits - live today  
We got no limits - the way to stay  
We got no limits - no limits all the way

Gear up - life is what we make it  
Rock hard - shaft it to the top  
We've only just begun

Sun's up - we're gonna do some shakin'  
Break out - we give it all we got  
Make way 'cause here we come  
In this world we decide  
To answer the call - yeah

We got no limits, ...

Power 'n' riches 'n' rank  
Mean nothing at all  
Render the game to the en  
Once and for all - once and for all - yeah

We got no limits, ...

We got no limits - no hideaway  
We got no limits - live today  
We got no limits - the way to stay  
We got no limits

Ev'rybody live the life
