[Music: Dirkschneider/Kaufmann - Words:  
Dirkschneider/Kaufmann]

I'm always watching you - my secret eye  
No chance to hide away - I'm not that blind  
No matter what you do - it's watching you  
I'll be your second mind - controlling you

So don't forget - you're not alone  
I will command you - one and all

Â'cause I'm your private eye  
Your private eye  
Â'cause I'm your private eye  
Your private eye

Electro magnify - the metal eye  
Corruption's rectified - a legal crime  
Invading privacy - with hidden force  
Imprinted on the screen - and no remorse

[BRIDGE]

[CHORUS]

I will be everywhere - eye in the sky  
All actions will be saved - no matter why  
I will manipulate - defy and lie  
Recordings will go on - until you die

[BRIDGE]

[CHORUS]
