There are secrets better left alone, like Pandora's Box  
Throw away the master key, high-tech fantasies

And the mystery of our history, stories been untold  
Some words have been classified, hide the danger  
code

Bridge:

The scream to stop they silence, they're working on to  
win

Blinded by their science they carry on the sin

Chorus:

Scream killers - Right and always wrong - Scream  
killers

They are the scream killers- Always go too far - Scream  
killers

(Never go too far)

Universal energy, the world is not enough  
Science of insanity, 'n' one day time is up

And they all dismiss the reason why, playing with our  
fate

Cast away the destiny, stop - or it's too late

Bridge...

Chorus...

C-Part:

Corruptible intruders seed the dragon's liar  
Exposing generations, fall out's in the air

Scientific meddling, technology unleashed  
Microbiotic pasing, the helix of the beast

Even if there is a master code deep inside withing  
Follow nature's symphony, the only way to win

And the time has come to turn on the game, make your  
final choice

Listen to your heart and soul, mind the inner voice
