My thoughts are going back - back to the time  
When I was young to live a life  
A life of lies - full of lies

Then you came into my life  
And you've changed so many things  
That I've done before - that I've done before

Without you I've been so alone  
Don't leave me this way  
Without you I've been so alone  
Don't leave me this way

You treated me the right way  
You always said don't give up  
Some day you will see what I have done

And when I start thinking about me  
Then I find out  
You did it right - just right

Without you I've been so alone  
Don't leave me this way  
Without you I've been so alone  
Don't leave me this way

Unspoken words - so many unspoken words  
They cannot lie to me anymore  
Unspoken words - words so full of meaning  
They cannot lie, they're from inside  
Unspoken words

Back to start again - we're working still together  
More than ever - better than before  
Better than before

Without you I've been so alone  
Don't leave me this way  
Without you I've been so alone  
Don't leave me this way - don't leave me this way

Unspoken words - so many unspoken words

They cannot lie to me anymore  
Unspoken words - words so full of meaning  
They cannot lie, they're from inside

All those unspoken words so many, many unspoken  
words  
They cannot lie to me anymore, oh yeah  
Without you I've been so alone  
Don't leave me this way, yeah, yeah, yeah, yeah

Unspoken words...
