I was just out of high school

In my first band

I married my drummer

our love was grand

I thought it was forever

until death do us part

and then he cheated on me

and broke my heart

chotee

so young so confused

what was i to do

i'm so sorry chotee

but i couldn't keep you

i hope you can forgive me

i hope you can forgive me

my baby

my baby

my baby

chotee

forgive me

me and him were fighting

on the road for two years  
he never loved me anyways  
still bring me to tears  
chotee  
didn't really want you  
cause he didn't want me  
didn't wanna be a husband  
didn't wanna be a daddy  
I hope you can forgive me  
I hope you can forgive me  
my baby  
my baby  
my baby  
chotee  
forgive me
