my mother gave me one more reason  
not to call you on the phone.  
she told me, chase girls like that  
all yer life and you'll wind up alone.  
i guess i would just like to take you  
out for a cappuccino,  
you refuse my advances once again,  
i can't hear one more no!  
i wish you would get over him,  
i'll change yer mind about everything.  
when i wink at you, you always  
turn the other cheek,  
i drilled a hole in the girls' showers  
so that at you i could peek,  
i'd love to get you naked and throw you  
in the back of my dad's car,  
i hear that if i get to third base with you,  
it won't be too far!  
i wish you would get over him,  
i'll change yer mind about everything!  
as i grow older i feel better

about me and myself,  
i swear i never, ever once wished  
i was anybody else.  
i'd like to tell you i think you should  
come up and see me sometime,  
i know that i could possibly make it  
the best time of yer life!  
i wish you would get over him!  
i'll change yer mind about everything
