it seemed like days had passed...

are you finished?

i could no longer

move my arms.

the only thing left in the room

was the silence:

can you still hear the breaking glass

when it hit my face?

even the mice were laughing

at the smell of pain,

here we go again

to the depths of no return:

please remember: i know who you are.

someday, i'll have the strength to tell.

as the man looked over me

with his inquiries,

i swore you never did it.

i licked the sweat from my palms.

alone am i with your face burned in my mind

you are the one (the fucker) who deserves to die

it should have never been me.

please remember: i know who you are.

someday, i'll have the strength to tell.

i pray for you as a little boy.

what must have happened to make you so cruel?

(and i pray that you rot in hell)

please remember: i know who you are.

someday, i'll have the strength to tell

:on you
