he keeps looking at me with his groping, watching
eyeballs:

gross! we women, we are supposed to just drop our
eyes and be quiet.

just don't look at the gross, gross man and hope he
quits ogling.

believe it or not, i want to flip him the bird ya know?

but i don't, cuz we women don't. once i gave the finger
to a bunch of

construction dudes, but they were yelling really bad
stuff about my cookie.

it just got 'em all riled up, and then they yelled, dyke!

and i had pms so i cried all the way home.

gross, gross man still gawking as i sit here writing...
what's he thinking?

gee, maybe i'll invite him up to my sex den and he can
fondle my boobies...

yeah, right!

stupid gross man, quit staring! gosh, he just won't let
up.

it makes me feel really uncomfortable i wish i could just
crawl under a rock!

'cuz we women are supposed to just feel bad about
ourselves:

like we're doing something wrong. i'm not! i swear!

being we women sucks! fuck you
