On my way to Miami I see all kind of freak,  
From icky sticky bitches to fetish friendly tricks.  
When I go out, some like to get me drunk and wild.  
But the only thing you get tonight is my fucking drink  
tab.

Yes I'm like,  
Hot chick that you can't even touch.  
I'm like this cold ass bitch,  
And I ain't ready to suck.  
Uffie is here,  
The boys are screaming,  
And the club is packed.  
And this one is for all my ladies who like to shake it like  
that.

So get your ass on the floor, down to the floor.

Touch your ass on the floor, down to the floor. (x4)

Tap your funky dancing shoes,  
I can't hear, I want more.  
Don't you stop, yes I want to see you're getting hot.  
Uffie's got the hottest tracks,  
And Uffie rock the beat.

In the club, I'm tired of hearing the same fucking shit.  
With all the dancing crap, it's just the played out hits.  
Where is the sound I like to hear that gets me shaking  
my ass?  
I like an electronic beat with a  
I'd like to have another drink I want to party hard.  
Maybe roll out the fucking weed we gonna party hard,  
Til the sunrise, we gonna get all sticky and shit.  
But you don't care as long as me and DJ Feadz drop the  
heat.

I'm like,  
Hot chick that you can't even touch. (x8)
