i got somethin' mcs can kiss
i got somethin' mcs can kiss
when i start to rap
i start to rap
i sta-sta-sta-sta-start I-li-like this
i got somethin' mcs can kiss
i got somethin' mcs can kiss
when i start to rap
i start to rap
i sta-sta-sta-sta-start I-li-like this
i got somethin' mcs can kiss
i got somethin' mcs can kiss
now don't say don't say don't say this
i got somethin' mcs can kiss

yeah, i got somethin' mcs can kiss
it's a nice bum cheek
and it foes like this
you fucked with the wrong bitch
(there's a battle over here)
i don't care, i quit
'cause there's two kinds of mcs out there
there's the ones who rap and the ones who don't care
and frankly i don't give a fuck
you might be dope on the mic
but your music sucks
not me, i've got some dope beats
i'm and entertainer
not a lyricist
i'm so far from all you cats out there
if i get popular, i know that ain't fair
i've got 9 million plays and 1200 friends
don't hate the player, man
hate the game
i never forced anyone to listen to my music
never sent a bulletin
never posted shit
i'm a musical youth
and i rule the nation
something is wrong with this generation
they just want to play games like G.T.A.
eating some junk food

and smoke weed all day
and when the beats come out of me
they're dancing hard
and they're getting high
guess who's making big bucks on this
i got something mcs can kiss

i got somethin' mcs can kiss
i got somethin' mcs can kiss
when i start to rap
i start to rap

i start st-start st-start I-li-like this

now for all the girls who got work out there
i wanna see you wave your hands like you just don't
care
you're looking all dressed up in those fancy clothes
i got you dancing as the music goes
the club is spinning around
to the cowbell sound
so stomp your feet and shake the ground
make way for the ladies who are ready to play
we're gonna party like it's saturday

i got somethin' mcs can kiss
i got somethin' mcs can kiss
when i start to rap
i start to rap
i sta-sta-sta-sta-start I-li-like this
i got somethin' mcs can kiss
i got somethin' mcs can kiss
when i start to rap
i start to rap
i sta-sta-sta-sta-start I-li-like this

yeah uffie's going just a little higher
jump jump until you get tired
one for the ladies
two for my dj
three to get ready
we've got to let the beat play
four to the floor
you can kiss my ass
i'm the least working girl in show business
yeah and i come home at 6
while you sleep, we don't quit
we still dance on the beat

'cause i don't have any job to attend in the morning
no boss on my shoulders to check how i'm doing

and maybe that's why i don't do so much
i left school tpo early
'cause i was on the rush
of making my own dough
of doing my homework
to travel the whole world
to try all kinds of stuff
i even tried out to play the saxophone
and you'll be the first one to hear how it sounds

[saxophone]
