(you and me in silence)  
(you and me in love)

I can see your face  
Barring the dim light, baby  
I can feel your embrace  
It's making me weak now, baby

I wanna feel your hands all over  
And in my mind  
I want to explode now, baby  
To be one with time

You make me ... honey  
You make me scream  
You make me ... honey

You and me together, baby  
Speaking without words

You and me together, darling  
It's like a curse

(repeat, honey)

It's always the same now, sugar  
We just don't speak  
And i'm going started  
You make me weep (weak?)

Like no one else you know how  
To reach me (retreat?)  
And like no one else now  
Eager to teach me

You make...

You and me together... (repeat)

Forever and always, baby  
Me and you

All over my body, baby  
Always you

(you and me in silence)  
(you and me (in words/love?))
