"When The Sun Goes Down"

Visit "[When The Sun Goes Down](#)" on MotoLyrics.com

Hey, you don't wanna want to be all night
When the sun goes down...

Rising through the night cause you make me feel so
right

There's no other lover, makes me feel like you do
Words can't express, you're so good to be true.

When the sun goes down and there's no one else
around

There's no other lover, makes me feel like you do
Words can't express, you're so good to be true.

Rising through the night cause you make me feel so
right

There's no other lover, makes me feel like you do
Words can't express, you're so good to be true.

When the sun goes down and there's no one else
around

There's no other lover, makes me feel like you do
Words can't express, you're so good to be true.

Ooh, to be true, only ooh, to be true, only ooh, to be
true.

Only words can't express, you're so good to be true.

(Cordes solo)

Only words can't express, you're so good to be true.

Rising through the night, I've been waiting for you.

When the sun goes down, you just know what to do.

Rising through the night, I've been waiting for you.

When the sun goes down, you just know what to do.

Rising through the night cause you make me feel so
right

There's no other lover, makes me feel like you do
Words can't express, you're so good to be true.

When the sun goes down and there's no one else
around

There's no other lover, makes me feel like you do
Words can't express, you're so good to be true.

Ooh, to be true, only ooh, to be true, only ooh, to be true.

Only words can't express, you're so good to be true.

(Cordes solo)

Only words can't express, you're so good to be true.
Rising through the night cause you make me feel so right

There's no other lover, makes me feel like you do

Words can't express, you're so good to be true.

When the sun goes down and there's no one else around

There's no other lover, makes me feel like you do

Words can't express, you're so good to be true.

Rising through the night, when the sun goes down.

I'll be waiting for you, when the sun goes down.
