Goin' down to George's where you just have been
To see if you've been boogie-ing, ah you know what I
mean
My left leg's dragging my right leg's I imp
My head's so wavy and I can't feel it
I gotta see you baby, you'll be alright
I wanna boogie baby, boogie tonight
Well old George is boogie-ing he's been a boogie-ing
with you
Ah I wanna boogie with you baby
I wanna boogie all night long
I wanna move with you, I wanna move
I wanna shake, wanna boogie too
I wanna boogie...boogie
