I want you to call my name
I need to hear your voice again
You know, I want you to call my name
Anytime, there's no shame in our love

I met you, watching the cars go by
You were there, every night, at the corner of Elm and
Vine
And you had nothing to hide
For just a few bucks and you know it's a free ride

I want you to call my name
I need to hear your voice again
You know, I want you to call my name
Anytime, there's no shame in our love

I picked you up for all the wrong reasons
You left home for Hollywood, where there's no break
even
We had nothing to hide
You were just a few years on the wrong side

I want you to call my name
I need to hear your voice again
You know, I want you to call my name
Anytime, there's no shame in our love

It's only love, I know, a real love
I know it's only love and you showed me how
Gotta keep you now

We had nothing to hide
You were just a few years on the wrong side

I want you to call my name
Need to hear your voice again
You know, I want you to call my name

Anytime, there's no shame in our love
In our love, in our love, there's no shame in our love
In our love, in our love
