Kids are cruisin' on the old shoreline
Goodbye-girls killin' time
Feel like soldiers, we couldn't wait
Runnin' wild, rushin' to our fate

We kept dreaming
Kids are dreaming

Sleeping rough out on Brighton's beach
A step from the law, just out of reach

We kept dreaming
Dreaming me and you

Got a plan we couldn't blow
Nobody cares, nobody knows
Made a stand and played a show
Nobody cares, nobody knows

Hiding in the wrecks of burned out cars
Found a compass on the promenade
An' gangs assemble in the old arcade
By looking cool we thought we had it made

We kept dreaming
Kids are dreaming

We ran wildly against the tide
Nothing much, just our teenage pride

We kept dreaming
Dreaming me and you

Had a plan we couldn't blow
Nobody cares, nobody knows
Made a stand and played a show
Nobody cares, nobody knows, oh yeah

Down the alleys to the old stage door
They heard the band comin' through the floor
Eric Burdon and the Animals played
In our minds the impression's made

We kept dreaming
Dreaming me and you

Had a plan we couldn't blow
Nobody cares, nobody knows
Made a stand and played a show
Nobody cares, nobody knows

Had a plan we couldn't blow
(Dreaming)
Nobody cares, nobody knows
(Dreaming me and you)
Made a stand and played a show
(Dreaming)
Nobody cares, nobody knows
(Dreaming me and you)

Had a plan we couldn't blow
(Dreaming)
Nobody cares, nobody knows
(Dreaming me and you)
Made a stand and played a show
(Dreaming)
Nobody cares, nobody knows
(Dreaming me and you)

Had a plan we couldn't blow
(Dreaming)
Nobody cares, nobody knows
(Dreaming me and you)
Made a stand and played a show
(Dreaming)
Nobody cares, nobody knows
(Dreaming me and you)

Had a plan we couldn't blow
(Dreaming)
Nobody cares, nobody knows
