On the wires I can hear you comin'
With a rush and a strummin'
This electric phase
Ain't no teenage craze

In your house a phone is ringin'
Just a hot touch that keeps lingerin'
You said loving's easy
Only if you please

All I need is communication
Not a line on your reputation
I don't want a handshake
There ain't no big mistake

There's no illusion
In this wild confusion
Who knows I'm crazy
No chance of maybe

I'd like to know you better
But I'm goin' down so fast
Help me now to feel it
I just can't conceal it

Big time I've got to show you
How it's really got to be
Just let me be alone
Left with your dialing tone

There's no illusion
In this wild confusion
Who knows I'm crazy
No chance of maybe

On the wires I can hear you comin'
With a rush and a strummin'
This electric phase
Ain't no teenage craze

In your house a phone is ringin'
Just a hot touch that keeps lingerin'

You said loving's easy
Only if you please
