There's a heart flight of a neon moon
In the darkness of this shuttered room
Watch out
Easy for some action, holy satisfaction, ooh

Midnight makes a call, skin begins to crawl
Inside the heights upon the fantasies
Let me introduce you now
I'm gonna let you see the other side of me

There's a hunger in the night, moves me completely
Hunger in the night bleeds so sweetly
(It's)
A hunger in the night, moves me completely
The hunger in the night bleeds so sweetly

Through the shadows you won't hear a thing
Cloaked in darkness my love's a deadly sting
Watch out
Comes in through the fence, sliding in the shiv

Want to be a hero, situation's zero
Inside the heights, upon the fantasies
Let me introduce you now
I'm gonna let you see the other side of me

There's a hunger in the night, moves me completely
Hunger in the night bleeds so sweetly
(It's)
A hunger in the night, moves me completely
The hunger in the night bleeds so sweetly

As I lie me down to sleep, with the Lord my soul to keep
If I die before I wake, will the Lord my soul to take
This life has no distance, between the line and another
day

The hunger in the night moves me completely
Hunger in the night, bleeds so sweetly
Hunger in the night, damned if you see me
Hunger in the night, come and see me
