--- I'm going to louisiana baby behind the stars  
I'm going to louisiana baby behind the stars  
And though I just found out my troubles just begun

I'm going to n'orleans get me a hold of your hand  
I'm going new orleans get me a hold your hand  
I'm gong to take you with me, right under my command

If the river was whiskey I would [drink all it up? ? ? ]  
If the river was whiskey I would [drink all it up? ? ? ]  
And though I'd swim to the bottom , drink myself back  
up, all right

(instrumental)

(repeat verses 1 and 3)
