Early in the morning when the sun come up
You're sittin' there drinkin' from that lovin' cup

Won't you tell me somebody what can I do
Honey, I wanna drink from that lovin' cup, too
Honey, I wanna drink from that lovin' cup, too

You don't wash your hair, you don't wash your clothes
What else you don't do baby nobody knows

Won't you tell me somebody what can I do
Honey, I wanna drink from that lovin' cup, too
Honey, I wanna drink from that lovin' cup, too

You could be downtown workin' makin' lots of money
Instead of walkin' these streets baby actin' funny

Won't you tell me somebody what can I do
Honey, I wanna drink from that lovin' cup, too
Honey, I wanna drink from that lovin' cup, too

Won't you tell me honey I can have a taste
Cause you're lettin' that good thing go to waste

Won't you tell me somebody what can I do
Honey, I wanna drink from that lovin' cup, too
Honey, I wanna drink from that lovin' cup, too
