Hey babe, what we gonna do?
No look behind me glances
Straight time this time
We'll take our chances

Darling, it's been so long
Every lonely hour
Oh, the sinner pulls the trigger
And the world turns sour

Whisper on the wind
Locked in silence
Profession of violence

Whisper on the wind
Locked in silence
Profession of violence

Try to pick up the pieces
Maybe move away
But the lifer
Was only yesterday

Down the halls of justice
The echoes never fade
Notches on my gun
Another debt is paid

Whisper on the wind
Locked in silence
Profession of violence

Whisper on the wind
Locked in silence
Profession of violence
