Steal Yourself  
Vinnie Moore - Phil Mogg

It's a long road  
Take me back to you babe  
It's a long time  
To get you off my mind

A sheaf of broken arrows  
That won't fly true  
Took a wrong turn  
That took me home to you babe

Steal yourself  
On cheap talking wine  
Kill yourself  
For one of your lies

You know you're gonna kill yourself

Take a backseat  
Watch the buffalo  
Feel this heart beat  
Watch the night time glow  
Dug a hole in my day  
With your black cat stray  
Took a long, long time baby  
To get you off my mind

And you steal yourself  
For one of those highs again  
Kill yourself  
For just one lie

And you steal yourself  
On cheap talking wine  
Kill yourself  
For one of your lies  
And you steal yourself  
With one of your lies

And you steal yourself  
For one of those highs again  
Kill yourself  
For just one lie

Steal yourself  
On cheap talking wine  
Kill yourself  
For one of your lies

You know you're gonna kill yourself babe  
You gonna tell one of those lies again  
You just all were your highs  
You gotta your cheap talking lies, oh yeah

Oh, here we come now, now, now
