They told me, that after a while
I wouldn't, hear from you,
But I knew that they were wrong
Cause when it came to you I
Knew that wouldn't be true

I wonder why,
You thought that it was time,
To say goodbye
I thought that you would never,
Say goodbye, say goodbye
I wonder why

I'm trying my best to understand it.
What's going on inside of your head?
But there's no way.

I wonder why,
You thought that it was time,
To say goodbye
I thought that you would never,
Say goodbye, say goodbye, say goodbye, say
goodbye.

Next time I see you will you pass me by and never think
twice,
And when you're with them will you realize all the lies
Seeping out every word they say
Did you really want it to end up this way?

I wonder why,
You thought that it was time,
To say goodbye
I thought that you would never,

I wonder why,
You thought that it was time,
To say goodbye
I thought that you would never,
Say goodbye, say goodbye, say goodbye, say goodbye
I wonder why
