I know that, you never, loved me, like I loved you
I know that, you never, loved me, like I needed you to

And I'm sorry that I had to leave you all alone
But babe you just never got it, that I needed you to
grow

And I try another day, to get you off my mind
And I try a million ways, to leave it all behind
And I know that you were nothing, but trouble all the
time
And I just wanna get you, wanna get you, out of my
mind

It kills me, to know what, you're up to, cause' it's no
good
I know that I tried my best to show you that I could

Be everything you ever wanted, ever needed
But I wasn't enough, you had to see the world in
frames, or all in motion

And I try another day, to get you off my mind
And I try a million ways, to leave it all behind
And I know that you were nothing, but trouble all the
time
And I just wanna get you, wanna get you, out of my
mind

Someday you will realize, that you had everything when
I was by your side
And someday you will see, just how foolish a boy can
really be
But for now, I pray
For your name, for your face, and for your sanity

And I try another day, to get you off my mind
And I try a million ways, to leave it all behind
And I know that you were nothing, but trouble all the
time
And I can't wait to get you, can't wait to get you, out of

my mind
