Aaaaah aaaaah aaaaah

All I see are heartaches
All I see are tears
All I see is darkness
Up against this wall
Can you turn it into something

All I see is pain
All I see is fear
All I see are tears baby
Can you climb against the wall
Can you turn it into something

I've been waiting for so long just to tell you I was wrong
Gonna find this love we had gonna try to change
I've been waiting for so long just to tell you I'm the one
Don't change your mind this time
Would I find you here.....

Aaaaah aaaaah aaaaah

All I see are heartaches
All I see are tears
All I see is a darkness
That you put me here to be up against this wall
Gonna try to make you love me

I was waiting for so long just to tell you I've been wrong
To save this life you had gonna try to change
I've been waiting for so long just to tell you I'm the one
To save this love we had gonna try to change

You got me up against this wall
Can you turn it into something.....
