Long legs  
Don't give me no headrush in the morning  
Oh baby, too bad too bad  
I don't think I'll ever see your face again  
But I don't wanna lose your love  
But I don't wanna choose just once  
And I've been having too much fun  
Oh...

Oh it's bad, too bad  
I don't think I'll ever feel the same again  
Oh baby, baby, I'll beg, I'll beg  
Cause I found it, but I don't know what it is

And I don't wanna lose your love  
And I don't wanna choose just once  
And I've been having too much fun  
Oh but it's gone!

And I don't wanna lose your love  
But I don't wanna choose just once  
And I've been having too much fun  
Oh...

Long legs  
Don't give me no headrush in the morning  
Oh baby, baby, I'm bad, I'm bad  
Cause you'll leave me, and I won't know how it is

And I don't wanna lose your love  
And I don't wanna choose just once  
And I don't wanna lose your love  
Oh but it's gone!

And I don't wanna lose your love  
But I don't wanna choose just one  
So I don't wanna lose your love  
Oh but it's gone!
