It's a funny time for me and you
And you and me
See I've been out walking
And I can't get over you
No, I can't get over you
Just take me or leave me alone
And it's not right no it's not right you say
And it's all wrong this story's wrong
And I've been out watching
I can't get over you
No, I won't get over you
Just take me or leave me alone
I've been such a fool
But it will over soon, they say
And it will over soon, one day
Just take me or leave me alone
See I've been out crying
Can't seem to let you go
Won't get the chance to know
Just take me don't leave me alone
And when we laugh
And when we laugh we cry
What makes it mad [x2]
And I can't keep trying
I can't get over over you
No, I can't get over you
Just take me or leave me alone
I've been such a fool
And it will be over soon they say
It will over soon one day
Just take me or leave me [x3]
Just take me or leave me alone
