The reason why I be is 'cuz of you
The moment is always new
I rest within the heart of God
I waken to remember

The reason why I be is 'cuz of you
The moment is always new
I rest within the heart of God
I waken to remember

Cosmic egg, where we are all one inside
The greater matrix reveals herself
As streaming energy, eternally evaporating back to the
absolute
Expressing love potential
Love potential
Love potential
I'm expressing love potential

We are all one inside
The greater matrix reveals herself
As streaming energy, eternally evaporating back to the
absolute
Expressing love potential
Love potential
Love potential
I'm expressing love potential

We are all one inside
The greater matrix reveals herself
As streaming energy
As streaming energy (as streaming energy)
As streaming energy (as streaming energy)
As streaming energy (as streaming energy)
As streaming energy

All is already there
It's in the seed
It's in the seed
All is already there
It's in the seed

All is already there
It's in the seed
