Cincinnati apple pie  
Where do we go when we die?  
I don't care and that ain't no lie  
I don't know where and I don't know why

Everything is a part of me and part of you  
Everything is a part of me and part of you  
I got my spacesuit on, I got my spacesuit on  
And I'm ready to fly away

New York City, LSD  
Shinning brighter than a Christmas tree  
You, I am supposed to be  
I'm finding easier to see

Everything is a part of you and part of me  
Everything is a part of you and part of me  
I got my spacesuit on, I got my spacesuit on  
And I'm ready to fly away
