[John Lennon] Imagine there's no heaven It's easy if
you try No hell below us Above us, only sky Imagine all
the people Living for today [Rap Verse 1: Nas] Imagine
we could all get along Won't be long Til that day comes
Mothers, stop cookin', take off your aprons Father, stop
lookin' at every sports station Take a second And think
of every poor nation Making weapons They can't afford
a plate, no proper healthcare Over here in Section 8, a
lot on welfare Yo, the wealthy laugh, the market crash,
economy's bad How did we change it, newsflash about
a power that's dangerous How do we escape these
brainless acts of terror I'd tell you now, if Jesus ever
comes, it'll not be better Put our hearts in the right
place Humans of all colors We stand up as one race, I
promise you, one day Imagine that [John Lennon]
Imagine there's no countries It isn't hard to do Nothing
to kill or die for And no religion, too Imagine all the
people Living life in peace [Chorus: John Legend] You
may say I'm a dreamer But I'm not the only one I hope
someday you'll join us And the world will be as one
[Rap Verse 2: Pitbull] America, the Land of the free
America, the Land of opportunity America What's the
point of having a Statue Of Liberty If you turnin'
refugees, back at sea Music was made to move them
Even the devil he dances I got a lot of questions And
I'm searching for answers We taught to believe in
religion, but religion's The reason the Twin Towers are
missin' Listen That was the past, but maybe now, you
realize The man above us the only thing That keeps us
alive We breathe the same air We bleed the same
blood Imagine our people treated equal, imagine one
love (One love) [John Lennon] Imagine no possessions I
wonder if you can No need for greed or hunger A
brotherhood of man Imagine all the people Sharing all
the world [Repeat Chorus]
