I wish that you would move to the sun  
cause you're like diggin' holes in thin air  
and we know that can't be done

i wish that you would cheat with someone  
cause you're like diggin' holes in water  
and we know that can't be done

bravery and stupidity go hand in hand  
i guess that makes me the bravest man  
i was quick to learn but slow to understand  
well, what can you do

my theories are borrowed from somewhere else  
and i never had too many to talk about  
but you were real quick, you were quick to point out  
well, that was borrowed too

i wish that you would move to the sun  
cause you're like diggin' holes in thin air  
and we know that can't be done

i wish that you would cheat with someone  
cause you're like diggin' holes in water  
and we know that can't be done

bravery and stupidity go hand in hand  
and i guess that makes me the bravest man  
i was quick to learn but slow to understand  
well, what can you do

rhetoric and smalltalk are marching on  
and i probably am the biggest pawn  
cause i was quick to talk and the first to carry on  
well, what can you do

you need a permit if you're gonna build shit  
and you can't get one so nothing gets built  
and your house is standing on a foot and a half of silt

i wish that you would move to the sun  
cause you're like diggin' holes in thin air

and we know that can't be done

i wish that you would cheat with someone  
cause you're like diggin' holes in water  
and we know that can't be done

rhetoric and smalltalk are marching on  
and i probably am the biggest pawn  
cause i was quick to talk and the first to carry on  
well, what can you do
