Committin' crimes and we're running down the alley,
I am the captain, you're in the galley.
I'm with this girl she said that she was hungry.
We just got done swapping our IDs.

Ice on the sheets. Look at the floor,
As soon as I can walk I walk out the door and never
stop.
Ice on the sheets I look at the floor,
As soon as I can walk I walk out the door and never
stop.

I'm lookin' at an old photograph,
It looked like we took it at gunpoint so I had to laugh.

I look at the ice, I look at the floor, there's ice on the
sheets and I'm on the floor, I never stop.

A wholeness comes and you're feelin' a phenomenon,
I can't die I just keep going on...

God damn nothin' not water, got nothin' but a band
now, bad karma beside me.

Ice on the sheet a weeks worth of pay and all the
mondays (mundane?) you got to where you look at
your shoes and you say, hey, hey.

I'm out of breath, I'm out of wits,
I'm out of these every day of the week. Oh, yeah!

Committin' crimes and we're running down the alley,
I am the captain, you're in the galley.
I'm with this girl she said that she was hungry.
We just got done swapping our IDs.

Back in the day where everywhere was the sticks
They used to go to bars and they'd dance in lines and
get sick.
(We used to go to barns and we'd dance in lines and
make it quick)

You dance you dance and then you'd dance some
more,
You put on your disco shoes and dance until there's
holes in the floor.

Back in the days when they died their hair
They still wouldn't dance in the lack of the kids that
cared.

Back in the days when they danced to death...
Back in the days when they banged their head...
They would dance and dance again all in a stare
(trance),
A woman goes in a bar, she got drunk and we laughed.
(Dime store keets go, How've you been? uh haw, haw,
haw)

The disco came and they did some coke.
They didn't have codeine and this fuckin' joke...

(You're gunna' laugh ah haw, and thats all you did, I
didn't know nothin', I did not understand)

Was their death, their fucked, they fought, they
fucked, they fought they fuckin' fought...

Red lips, a red lip stick, a red bra, and a cheap, cheap
trick, and that's me.

I brung (You can run) your kids to the house, to (in) the
homes,
to the schools, to the bad places (in another place),
Yeah (Guess) how long?
(You don't know they are in my hell)
You don't care,
They aren't yours, they aren't saying,
I didn't know nothin', but time isn't cheap,
I gotta run now, I got a kid now, I got friends now. How
have you been? uh haw, haw, haw

(There i was. we were)

Committin' crimes and we're running down the alley,
I am the captain, you're in the galley.
I'm with this girl she said that she was hungry.
We just got done swapping our IDs.

I got a dodge doll, it looks like a smoothie,
Well I'm real fuckin' lucky I can make it _____ ,
With this cocky confidential conflict dancer.
Hell, we have our sex before we go dancing.
See that lady in the red shirt bra,

she thinks she's made out of bricks and she's just
made out of straw,
but you can huff, and puff, and blow her down,
I didn't make it here so i'll move to another town now.
