Always on the road
You know Im never looking back
And I always slay the demons
Cause Im always on attack
Looking to the moon
And Im trying to find my place
And now Im looking to the north
And Im living at a pace
On the tour, on the road
Never stop for rest
Whos the one, whos the one
Whos the fuckin best
Now Ive got to move
And Ive got to move on
Now I got to laugh
While Im singing this song
I hand you love
Its no surprise
Don't step to me
Its a lie
Alive in me for all to see
I am the man
Slowly walking down
You know Im falling into place
And Im screaming at the heavens
While Im looking at her face
But Ive gotta move fast
And Ive gotta keep my back
Like the vision that she wasn't
Like the girl who never danced
Took my love, she took my heart
She took me to the level
Took my love, took my heart
She took me to the devil
Now Ive got to move
And Ive got to move on
Just like I said
You try to bring me down
You try, you try, to make me one of you
I am the man
