Watch out! Here it comes (\*4X\*)

[Verse One]

Hold it right there, your attention folks  
We came here - to fulfill your hopes  
But you better WATCH OUT, it might get ugly  
Cause you my friend are beginnin to bug me  
So here's a little smack, goin back to the grill again  
Hit you in the hat like Skipper did Gilligan  
So get back, before I snap like a Kit Kat  
And pop you in the mouth, quicker than a Tic Tac  
Bif bam BOOM like a Batman fight scene  
You defeatin U.D. that was a pipe dream  
Kickin you around like a hackeysack  
With the beats and the raps that be action packed  
I'm ready to go, I got my foot on the petrol  
And if you didn't know I steal the show like a klepto  
I grew up, with the love for rap  
But this is combat and you're about to get smacked

[Chorus]

I think I gotta think I gotta think I gotta hit'cha {\*4X\*}  
Like SMACK~! You make me laugh  
Talkin that way, get off the crack or  
SLAP~! You needed that  
We'll teach you how to act, when we go  
SMACK~! You make me laugh  
Talkin that way, you better step back or  
SLAP~! You needed that  
We'll teach you how to act  
When we go smack

{\*"Hit hard like the heavyweight champ"\*}  
{\*"I'll put you in your place"\*} {\*"Like SMACK" -  
Guru\*}

[Verse Two]

We used to call them perpetrators  
But now if you do they'll say you're a hater  
Well it's true, cause I hate you  
And all of that hogwash that you do

You, jiggy rappers are a lie and disgrace  
So I'm runnin up, comin with the pie in your face  
Cause you pose and blow kisses, your image is  
fictitious  
Hot junk, but you're a punk like Sid Vicious  
I was born six o'clock on the dot, ready to rock  
Took one look at the doc and then I blew up the spot  
I move the crowd like I called in a bomb threat  
You're nervous, I see your knees shakin, your palms  
sweat  
I come equipped with explosiveness  
So know the risk, or you gon' get blown to bits  
On the microphone I'm dangerous as Defcon 3  
And you'll find out, you never shoulda slept on me

[Chorus]

{\*more scratches\*}

[Chorus]

That's right  
This one's goin out to all you cats  
wearin retro jerseys with matchin hats and too much  
jewelry  
Rockin that gangster pop ringtone rap  
Watch out, yeah, you might get SMACKED~!  
Mmm, in the place
