Too many times Ive seen your kind
Washed upon the shore
Too many times you locked me out
Johnny knockin, knocking at your door

Youre looking past the mirror
Yes youve reached the other side
Youre striving for the pinnacle
But you're holding on too tight

And when you hold the ticket
For your one way ride
You wonder where you're going
And you can't hide

Too bad, too bad, too bad, too bad, johnny
What you gonna do
Too bad, too bad, too bad, too bad, johnny
Now your time is through

So many highs and lows right now
What are we to do
You know were trying so damn hard
Johnny just to try and talk to you

Youre swimming in an ocean
Its so black and cold
I feel you got the notion
And it's eating at your soul

And when you hold the ticket
For your one way ride
You wonder where you're going
And you can't hide

Too bad, too bad, too bad, too bad, johnny
What you gonna do
Too bad, too bad, too bad, too bad, johnny
Now your time is through

She said, she knew the answer

He was falling - a falling faster
Round and round and round - no where to go
Someone had to help the boy
He said no, no, no, no, no, no, no!

So many mixed emotions
And they're driving you insane
A grip on some reality
Silence quiet on your window pain

You're looking past the mirror
Yes you've reached the other side
You're striving for the pinnacle
But you're holding on too tight
