"Come tommorrow"

About the time I?m eight years old
I met the devil, kept my soul
Walkin? out on lakes of fire and I?m gone
Walkin? in a wonderland
And I don?t really understand
The place I?m comin? to right now today

Chorus

Come tomorrow, you could see the light
Come tomorrow, break it right down to the place you
were before

Fifteen years on down the line
I guess you?d say I?m doin? fine
Wandering down that same old road again
Walkin? in a wonderland
But alice doesn?t understand
The place she?s comin? to right now today

Chorus

On your knees, you?ll be begging me please
As you feel the disease
You?re going down again tonight

See me runnin?, watch me fall
I guess you?d say I?ve finally found my own,
See me cryin? and wonder why
I guess you?d say it?s time to die today

Chorus
